Name _____ Age _____

What do you see now that you didn't see in winter?

Think about what the world outside of your window looked like when it was cold and rainy. In the window below, draw and color what you can see now that you might not have seen before.

What plants or animals can you see? What does the weather look like?

When I look outside my window during springtime, I can now see

because

I feel

about seeing

because
