

SCAVENGER HUNT

LET'S EXPLORE

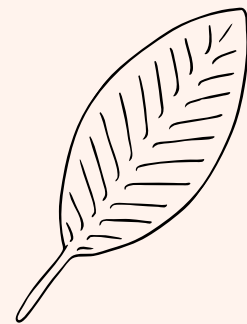

Head outside and look for items that match the first column. Observe using the prompts *I notice*, *I wonder*, and *It reminds me of*. Write down anything that comes to mind as you observe, including questions! Now draw and label what you see. Include where you found the item and any other details that would help identify it.

EXAMPLE

**Something
an insect eats**

**Green
oval shape**

**Found on a tree
Has bite marks!**

COMPARE

Once you complete the scavenger hunt, group the items you found by how they are similar. What are the differences between groups you discovered?
